

## Who are you?

Do you have a clear vision of what you are, what business you are in and who your customers are?

Our positioning is maybe not optimal or our brand does not reflect who we are and what we do

**Positioning,  
Brand and Design  
Management**

Our positioning is clearly defined and our brand reflects that positioning

## Where are you going?

Do you have a clear vision of the future – in the marketing place? In the minds of your customers and your people?

We are a little lost – or maybe we just need a little guidance on where we are going

**Strategy  
and Change  
Management**

We have a plan and know where we are going

## How do I get there?

Are your strategies realistic? Do you understand the competitive landscape of the future? Have you built a strong enough base for lasting success?

We don't think we have enough of all that to be confident we are the right path?
